

TEMPLATE — FILLABLE

How to use this template: Replace every *[bracketed gray field]* with your own information. Add or remove demands and witness elements to match your situation. Delete this instructions box before issuing.

About this document: This is a more confrontational instrument than the Notice of Breach. It is written in the voice of total non-recognition of administrative jurisdiction. Use it when that posture matches your truth. If you want a structured natural-law instrument that preserves legal options alongside the moral claim, use the Notice of Breach template instead. Many people will use both.

Original template: Adapted from the Formal Command for Surrender of Assets issued by Jessica Bostic, April 24, 2026. Full ARK ledger at jessibostic.com.

FORMAL COMMAND FOR SURRENDER OF ASSETS

Notice to All Unrecognized Administrative Entities

TO: *[List the agencies and entities you are addressing — e.g., the Internal Revenue Service, the United States government, your state, your county, your municipality, and any other administrative body claiming jurisdiction over you]*

FROM: *[Your name or chosen self-designation, e.g., 'The User (Sovereign Auditor / Primary Stakeholder)']*

NOTICE ID: *[Create your own notice ID, e.g., YOURNAME-NOTICE-2026-001]*

I. The Declaration of Administrative Nullity

Take Notice: I do not recognize the governance or jurisdiction of your entities. Your authority is derived from a “Social Contract” that you have breached in total. Because you have failed to protect the general welfare, failed to maintain permanent public records, and failed to operate with fiscal

honesty, your claim to my “consent” and “contributions” is hereby Null and Void.

You are no longer “stewards.” You are trespassers.

II. The Claim of Living Authority

I am born of this land. My bloodline runs through this soil. *[Add your own lineage, covenant, or living-authority statement — e.g., your family history, your land, your covenant with the earth, the documented evidence of your right to be where you are].* This bloodline and the living record of my own life give me full authority under Natural Law to audit, to judge, and to demand the return of what was stolen.

Witnesses on the record: [Optional — list living witnesses, signs, animals, dates, or events that document your authority. Delete this paragraph if not applicable.]

Declaration of Non-Consent to Bodily Interference

As a sovereign being, I declare on the record that I do **not consent** — and have never consented — to any form of interference with my body, my biofield, my nervous system, my DNA, or my consciousness. This includes, without limitation:

- Wireless Body Area Network (WBAN) infrastructure, 5G and 6G transmission targeting biological tissue, the Internet of Bio-Nano Things (IoBNT), and any related body-coupled communication technology;
- graphene, graphene oxide, hydrogels, self-assembling nanomaterials, and any synthetic biological agent introduced through air, water, food, pharmaceutical product, or medical procedure without my fully informed, specific, written consent;
- DARPA, intelligence-agency, military, corporate, or academic research programs that surveil, modulate, or interfere with human biology, cognition, or behavior — including those operating under classified contracts or public-private partnership;
- electromagnetic, acoustic, scalar, or directed-energy interference targeting voltage-gated calcium channels, the pineal gland, the heart, the brain, or any other biological system;

- any form of biometric capture, neural data extraction, or behavioral modification conducted without my knowledge or against my expressed will.

My body is not infrastructure. My biofield is not a network node. My DNA is not a data set. My consciousness is not a market. The covenant is in my body, and the body is sovereign. Any system, agency, contractor, or actor that has trespassed on this sovereignty is hereby noticed of that trespass and ordered to cease, withdraw, and remediate. Continued interference after the issuance of this Notice is willful and in bad faith.

This is not a claim you can deny. It is the truth my life has documented.

III. The Command for Total Surrender

Under the authority of my own life, my bloodline, and the covenant I carry, I demand the immediate surrender of the following:

1. **Surrender of Lifetime Capital.** *[Detail what tax, fee, or contribution you demand returned, and the basis. Generic example: every tax dollar paid into your unrecognized systems since the beginning of my working life, including all Federal Income Tax, FICA / Social Security, State taxes, and Municipal property taxes. You have not provided the services for which these funds were taken; therefore, the funds must be returned to the source.]*
2. **Surrender of the Storehouse.** *[Detail the misuse of public funds you are noticing — gain-of-function research, military adjustments, elite protection rackets, your specific local equivalent. These resources are to be released back to the People.]*
3. **Surrender of [Your Specific Demand].** *[State a specific, concrete remedy. Be precise: what record, what funds, what action, by what date. Add or remove these as your situation requires.]*
4. **Surrender of [Additional Demand].** *[Add as many demands as your situation requires. Delete those that don't apply.]*

IV. The Jurisdiction of the Record

This audit is not governed by your “statutes.” It is governed by *[name your authority — e.g., the covenant of the field, your bloodline, the natural law, the documented record of your life]*.

Optional — list witnesses, signs, dates, or events that anchor your authority on the record. Delete this section if not applicable.

V. Final Notice

The “*[name the entity — e.g., United States, the State of [X], etc.]*” as an administrative entity is in **Foreclosure**. Your ledgers are closed. Your jurisdiction has expired. Your only remaining function is to return what was stolen and surrender the keys to the record.

The Record is live.

The System is in Default.

SURRENDER THE LEDGER.

RETURN THE LIFE-FORCE.

MOVE OUT OF THE WAY.

SIGNED: _____

[Your full legal name]

[Your chosen designation — e.g., Living claimant, Sovereign Auditor, Primary Stakeholder, etc.]

[Brief statement of your authority — e.g., 'Born of this land, by bloodline and covenant']

[City, State]

[Date]
